

YOUTH NEWS

-Teri Johnson

In November we read books about scarecrows and Thanksgiving.

Handprint turkeys with feathers, pilgrim hats and scarecrows were made this month.

Story Time

This year we are working on more involvement activities using a board and cutouts. The kids helped a turkey get back his feather with different colored feathers. Such as giving a turkey back his feathers, learning our colors and putting a body together, learning our parts and order of items.
